

TESSITURA MONTI
— INDIA —

Tessitura Monti'Italy legacy started from 1911, in the textile world as one of the most premium luxury manufacturers of shirting fabrics. Monti started it's weaving business by Giorgio Giuseppe Monti in the early 20th century in Italy. The first product created and sold by Monti brothers were fabrics in 70cms, checks in blue and white. With a futuristic vision to cater to the world, the company planned to expand its horizon, Monti Brothers set up a State of the art factory with most modern European Machines, a composite plant at Kolhapur, India. The entire unit has been setup with Italian precision, quality, reliability and technology, complimented by an expertise of a highly qualified team, trained by master Italian experts.

With years of expertise, research and development, the team brings unique designs and blends of premium luxury cotton shirting fabrics in 100% Egyptian Giza cotton and high-quality French Linen. Recognizing expertise of several decades, Italian government declared 'Tessitura Monti' as Heritage brand of Italy. The company in India is fully equipped to manufacture finest fabrics as fine as 3/300's count. Monti maintains, highest quality standards, creating unique warp and weft combinations, which are weaved in Poplins, Twill, Jacquards, Linen, Dobby. Prints on very high-quality fabrics are the new introduction to the world of fashion.

Monti is the first choice of the most luxurious brands of the world. Sustainability is a key factor for Monti and understands its responsibility towards the society and the environment with effluent treatment plant and promotes recovery, recycle and reuse.

Our legacy continues.....

Today our company is a dynamic and competitive reality constantly evolving and always able to analyse the different opportunities and challenges from the global market.
